## North Star\* XDC Rolls (Xtreme DeComposition)

Corn head rolls with knife to knife residue management

XDC Rolls are our new residue management rolls. As an upgrade to the North Star\*, this premium roller has 4 bolted and carbide coated knives for a total of 8 cutting edges. The XDC Rolls crimp, rip, and dice residue into 2.5-3.5" pieces and places them around the stubble to maximize decomposition.

### Quick Facts

- Provides better seed to soil contact for improved germination
- Reduces erosion and keeps straw in the field to break down into organic matter
- Long lasting blades that are easy to replace, allowing for trouble-free maintenance
- No speed adjustment needed from standard rolls

### Availability

- Available as an upgrade to the North Star\* rolls on most corn head models
- XDC Rolls upgrade (additional +\$1,340)

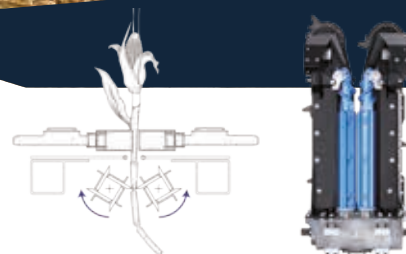

Prices and Specifications may be subject to change without notice. Prices do not include shipping or setup.

## AFT (Adaptive Flex Technology)

Corn harvesting made easy in hilly, uneven terrains

The AFT has a pivot point in the center of the frame that allows flexibility to adapt to the contours of the land. Available in 12, 16, and 18 row configurations with 30" spacing. The AFT is offered with North Star\*, North Star\* XDC, and Rota Disc processing and is specially designed for harvesting corn in terraces and hilly terrains.

### Quick Facts

- Hydraulic deck plate adjustment
- Internal row unit slip clutch
- End row augers
- Hydraulic block single point connection
- Additional hydraulic block for Lexion combines necessary (surcharge +\$3,000)
- Additional adaption for John Deere X9 combines necessary (surcharge +\$4,990)

### Availability

- AFT is offered with North Star\*, North Star\* XDC, and Rota Disc processing systems.

### Options

- ICF Sweeper
- XDC Rolls upgrade (additional +\$1,340 **per row**) 
- IDEAL AutoDock (surcharge +\$4,792 for single drive, +\$8,430 for double drive)

Prices and Specifications may be subject to change without notice. Prices do not include shipping or setup.
