

GRAIN DISPENSERS

MY-D HAN-D

CUBE, FEED & GRAIN DISPENSER

The My-D Han-D Feed Dispenser is designed to disperse supplements, whole or rolled grain, range cubes, pellets and other materials up to 1 inch, at the rate of about 6 to 10 pounds per second. Feed can be dispensed into feed bunks, self feeders or on the ground. The Feed Dispenser is available in 5 models with feeding capacities from 800 pounds to 3200 pounds. The 4 inch drag auger is powered by a 12-volt motor.

Cake Feeder Motor Installation and Wiring Instructions

PARTS LIST

027714	12-Volt Motor	043216	Auger Pulley
163824	Solenoid	042820	Motor Pulley
450510	Switch	021956	Clevis Pin $\frac{3}{8}$ x $\frac{3}{4}$
450528	Dispenser Wiring Harness	021964	Clevis Pin $\frac{3}{4}$ x 1
450536	Replacement Spout	021972	Clevis Pin $\frac{3}{8}$ x $1\frac{1}{2}$
450544	Auger	551598	Half Band - Motor Mount, Top
030296	Bearing	551606	Half Band - Motor Mount, Lower
035436	Belt (Model 8 & 12)	551614	Belt Tensioner Bracket
035451	Belt (Model 18, 25, 32)	551622	Bolt Sack c/w Pulley, Short Wire

5 Models to choose from . . .

Models A, B, C recommended for $\frac{1}{2}$ Ton Pickups.

Models C & D recommended for $\frac{3}{4}$ Ton Pickups.

Models E & F recommended for 1 Ton or Heavy Duty Flat Bed $\frac{3}{4}$ Ton Pickups

MODEL NO. A—800-Pound Feed Capacity

Width 29" Height 32"
Length 60" Shipping Weight 280 lbs.

MODEL NO. D—1800-Pound Feed Capacity

Width 43" Height $45\frac{1}{2}$ "
Length 60" Shipping Weight 380 lbs.

MODEL NO. B—1000-Pound Feed Capacity

Width 20" Height 42"
Length 72" Shipping Weight 320 lbs.

MODEL NO. E—2500-Pound Feed Capacity

Width 43" Height 56"
Length 60" Shipping Weight 455 lbs.

MODEL NO. C—1200-Pound Feed Capacity

Width 29" Height $41\frac{1}{2}$ "
Length 60" Shipping Weight 310 lbs.

MODEL NO. F—3200-Pound Feed Capacity

Width 43" Height $68\frac{1}{2}$ "
Length 60" Shipping Weight 535 lbs.

All of the above models made of 16 gauge sheet iron, $\frac{3}{16}$ " x 2" angle iron, 4" drag auger, adjustable auger cover, 12-volt motor, 10" pulley V-Belt, electric cord, solenoid and toggle switch are standard equipment. Instructions included for easy installation on any pickup truck.
