

HAMMER

Concrete Breaker

Proven Design Increased Possibilities

Delivers up to 82,000 lbs. of impact force with each cycle

Breaks up to 9" thick reinforced concrete

Operates on any skid-steer with 12-30 GPM* without additional setup

Smooth operation with no shock back to the vehicle

Anti-dry fire feature prevents unnecessary firing and improves durability of the machine

Less maintenance with drop hammer design

CB40 breaker kit available to convert any Hammer post driver into a concrete breaker

1-Year Warranty

*Breaker will still operate on machines with less than 12 GPM, but with fewer strokes per minute

Made in the U.S.A.

HAMMER CB40

Established in 1910, DANUSER has been family owned and operated by four generations. We have manufactured auger systems since 1943. With over 65 years of design and manufacturing experience, our machines have dug millions of holes. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, "Good enough won't do – it must be right."

DANUSER manufactures several attachments for various equipment, serving several industries worldwide.

HAMMER CB40 - Concrete Breaker

1-Year Warranty

21017	Hammer CB40 Hydraulic continuous chain drive, 500 lb. hammer weight, 40" stroke, up to 35 strokes per minute. Can break up to 9" thick reinforced concrete. Includes 96" length hoses with flat face couplers.	1080	\$8,477.25

CB40

PART ID: 21017

The Danuser Hammer model CB40 has a 40" drop hammer design that breaks up to 9" thick reinforced concrete. This low maintenance concrete breaker achieves a full stroke with every cycle, delivering 82,000 lbs of impact force. An innovative anti-dry fire feature prevents unnecessary firing which improves the durability of the machine. This is a great product for the industrial or commercial job site. Ideal for the demolition of parking lots, foundations, flooring, sidewalks, curbs, and more!
