

THE CUTTING EDGE BEHIND CLEANUP

- **2" hex collar**
- **Hardened steel cutting blades**
 - **Reversible/indexable for more cutting per blade**
- **Hardened steel pilot with cutting blades**
- **10" and 16" diameter options**
- **10" for use with 1,700 ft.-lb. of torque and higher drive units**
16" for use with 3,000 ft.-lb. of torque and higher drive units
- **Overall length**
 - **27" for both sizes**

Made in the U.S.A.

"Good enough won't do - it must be right." - K.B. Danuser, Founder 1910

STUMP AUGER

Use your auger drive
to plane away stumps.

A HISTORY OF INNOVATION

Established in 1910, DANUSER has been family owned and operated by four generations. We have manufactured auger systems since the mid-1940's. With decades of design and manufacturing experience, our machines have stood the test of time. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, "Good enough won't do – it must be right."

DANUSER manufactures several attachments for various equipment, serving several industries worldwide. Please visit www.danuser.com to see our full line of attachments.

Danuser reserves the right to make changes in design, specifications, and prices without notice and without incurring any obligation relating to such changes.

STUMP AUGERS

The stump auger planes away stumps without requiring large, specialized equipment. A threaded pilot digs into the stump and large cutting blades then shave the stump away. The large cutting blades are reversible for more cutting life. Complete stump removal is achieved by overlapping planning locations.

- 2" hex collar
- Hardened steel cutting blades
 - Reversible/indexable for more cutting per blade
- Hardened steel pilot with cutting blades
- 10" and 16" diameter options
