## SunLite

The SunLite is a row independent sunflower head that fits all major combines

The curved auger trough design offers optimum crop flow. The 7" wide tapered pans capture every bit of your crop, gently and effortlessly which maximizes yield potential. It uses reliable mechanical drives for the feed roller, auger and sickle blade, which makes the power requirement lower compared to the competition.

### Quick Facts

- Large 24" diameter feed auger
- Adjustable feeder auger
- Hydraulic block single point connection
- Wear-resistant collection pans
- Additional hydraulic block for Lexion combines necessary (surcharge +\$3,000)
- Additional adaption for John Deere X9 combines necessary (surcharge +\$4,990)
