

August 24, 2015

Dear Customer,

Enclosed are copies of our **Fittings & Lids and Valves & Couplers price sheets** effective August 31, 2015. We have reviewed each item and made a few adjustments; these changes were not across the board. Please take a look at the price sheets and review each item as many have remained unchanged.

One particular change to the product offering that we would like to point out is Viton gaskets for bulkhead fittings. We intend to change from our current Viton "B" gasket to a new Viton "A" gasket on all sizes up to but excluding the 4". The durometer for the new Viton "A" gaskets will be 60. If you have any questions, let us know.

Your discount multiplier for both price sheets remains unchanged.

If you have any questions, please don't hesitate to contact your sales rep or Norwesco. Thank you again for your continued support and business.

Sincerely,

Greg Wade
Sales Manager
