

GREENSCAPE

MODEL 750-2

High Precision Large Seedcup

Smaller Legume Seedcup

The Greenscape 750 No-Till Drill is the latest in the Greenscape family of the most reliable seeders produced in the US over the past 20 years.

High precision seed boxes and flow control make seeding a breeze with the ability to drill many different varieties and sizes of seed into all types of planting conditions. Heavy built, but constructed to be able to be handled by tractors as low as 50 HP, the 750-2 is designed for planting deer food plots around woodlands or high precision pasture seeding in the fall.

The 10 coulters at 7 1/2" and high-precision large seed seedcups accurately drop seeds into the openings. A separate Legume Seedbox with high precision seed cups accurately drop seed along a "splash pan" that rains the small seed over the soil.

A packer roller system with Nylon rings or optional cast iron rollers help press the seed into the ground and close up the cuts made by the disc openers.

Specifications:

- ◇ Three Point Hitch Cat. 1&2
- ◇ Heavy tubular frame construction
- ◇ All ground driven, no PTO shaft or gearbox to maintain
- ◇ Precise seed metering cups with individual clean out gates
- ◇ Rear roller packer rings to firm and smooth seedbed
- ◇ Water tight seed box with agitator shaft - calibration chart and seeding rate chart
- ◇ 10 Cast Iron double disc openers spaced at 7.5"
- ◇ Spring loaded coulters to cut through tough ground
- ◇ Optional Cast Iron roller rings

NO-TILL DRILL

Simple & Highly Accurate Fluted Seedcup Adjustment System

Nylon Corrugated Cultipacker Rings
Optional Cast Iron

Shearpin for Seedcup Safety

High Precision Ground Drive Seeding System.

Model	Description	Weight (lbs.)	Ship Wt.	List Price
750-2	78" No-Till Drill with Large Seed and Precision Legume Seedbox	1,840	1,990	\$12,580
OPTIONAL EQUIPMENT				
GSC-024	Cast Iron Rings			\$750

GREENSCAPE

The Greenscape represents a totally new concept in seeding. Being neither a grain drill nor a PTO driven seeder, the Greenscape effectively prepares the soil, drops and lightly covers the seed, and then firmly presses the soil for a perfectly prepared seedbed. It is designed to achieve a perfect pattern across the working width of the machine; no row effect as with drills or knife type over seeders.

Ground driven – no PTO shafts or gearboxes to maintain, and requires only a 35 HP (50 HP on 84” model) tractor to operate. When equipped with the optional precision small seed box and Native Seed box the Greenscape will plant virtually any type or size seed at any rate.

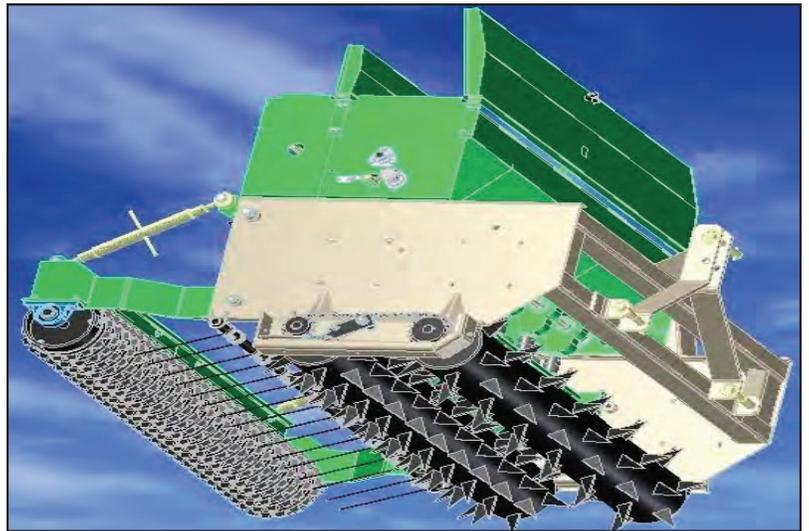

This machine will seed into all conditions, including primary seeding into prepared ground or overseeding into existing vegetation. Available in 60” and 84” working widths.

Specifications:

- ◇ Three Point Hitch Cat. 1&2
- ◇ Heavy tubular frame construction
- ◇ All ground driven, no PTO shaft or gearbox to maintain
- ◇ Precise seed metering cups with individual clean out gates
- ◇ Rear roller packer rings to firm and smooth seedbed
- ◇ Water tight seed box with agitator shaft - calibration chart and seeding rate chart
- ◇ Driven spiked rollers crumble soil just enough for perfect seed-to-soil contact
- ◇ Exclusive Torque Arm - keeps constant adjustable down pressure on rear cultipacker
- ◇ Broadcast across full width of working area - no row effect as with PTO driven, knife type machines or sod drills

Benefits:

- ◇ High ground speed – up to 7 MPH
- ◇ Full width broadcast coverage
NO ROW EFFECT
- ◇ Seed or overseed in any condition
 - Fields
 - Groomed Turf
 - Prepared ground
- ◇ Abrasive-Resistant mining steel tines for extremely high wear
- ◇ Front Roller aggressively drives second roller 42% faster
- ◇ High quality – High precision seed cups for precise seed distribution
- ◇ Seed disengagement system for aeration & Seedcup safety shear pin
- ◇ Reinforced Nylon or Cast Iron corrugated roller rings
- ◇ Quick Hitch compatible reinforced three-point (Cat 1 & 2)
- ◇ Available Hoppers
 - Standard Large-Seed Box
 - Precision Legume Seed box
 - Native Grass Seed Box
 - Stainless Steel Fertilizer box

Front Pulverizer Bar

Seeder with 3 Boxes

MODEL 600

MODEL 840

Model	Description	60" Model	Wt. Lbs.	Ship Wt.	List Price
600-1	60 Inch Base Unit with 1 large-grass Seed box		1,325	1,545	\$8,480
600-2	60 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box		1,380	1,600	\$9,975
600-3	60 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box + 1 Stainless Steel Fertilizer Hopper		1,490	1,710	\$13,405
600-4	60 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box + 1 Native Grass Seed box		1,557	1,710	\$12,905
600-5	60 Inch Base Unit with 2 large-grass Seed boxes + 1 Precision Legume Seed box		1,545	1,710	\$12,420
Model	Description	84" Model	Wt. Lbs.	Ship Wt.	List Price
840-1	84 Inch Base Unit with 1 large-grass Seed box		1,960	2,210	\$13,060
840-2	84 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box		2,084	2,334	\$14,940
840-3	84 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box + 1 Stainless Steel Fertilizer Hopper		2,315	2,565	\$18,950
840-4	84 Inch Base Unit with 1 large-grass Seed box + 1 Precision Legume Seed box + 1 Native Grass Seed box		2,409	2,659	\$18,660
840-5	84 Inch Base Unit with 2 large-grass Seed boxes + 1 Precision Legume Seed box		2,315	2,565	\$17,900

OPTIONAL EQUIPMENT:

Model	Description	List Price
GSC-001	Cast Iron Rings - 600 Model	\$565
GSC-004	Cast Iron Rings - 840 Model	\$795
GSC-003	Rear roller scraper - 600 Models Nylon	\$195
GSC-005	Rear roller scraper - 840 Models Nylon	\$255
GSC-007	Rear roller scraper - 600 Models Cast Iron	\$195
GSC-006	Rear roller scraper - 840 Models Cast Iron	\$255
GSC-016	Road Light Kit - All Models	\$390
GSC-018	60" Floating Front Double Pulverizer Bar	\$1,710
GSC-017	84" Floating Front Double Pulverizer Bar	\$1,910
