

TIRE GRABBER JACK

JACK IT UP!

TG EQUIPMENT JACK

Built with stability in mind, the TG Equipment Jack is engineered and load rated for up to 30,000 lbs. It comes equipped with two safety locking arms as an added safety feature to prevent the Jack from lowering unexpectedly, is remote operated and powered by a 12V pump. It comes standard with one set of MD - 8.5" lifting blocks with rubber bumpers. Optional LG - 12.5" lifting blocks, or 12" jack risers are available for an additional charge.
